📦 💎

Introduction

We are an international glass and barware provider serving famous name brands, hospitality of all sizes - as well as now directly to consumers. We are here to help our customers create the perfect drinks service with quality and innovative products.

Urban Bar have been designing market leading bar and glassware for the drinks industry and hospitality for 40 years. We offer a wide assortment of our own designs and can design and decorate bespoke shapes. See page 93 for more information about us.

Product key

White box 📦

Our White box products will come in our basic plain brown or white packaging. Designed for protection and easy bulk storage. All of our packaging is 100% recyclable

Non-lead crystal 💎

Different from standard soda-lime glass, our lead-free crystal offers a high level of clarity, giving a sparkle to the material. Perfect for a premium drink presentation.

Colour gift box 📦

Urban Bar are proud to be the originators of many unique shapes and designs of glass and barware items, some of these are Registered Designs.

CE marked ℄

Accurate measurements are vital for precision cocktail making. Our CE marked measures comply with weight and measure legislation for licensed venues.

Hand wash 🧼

We recommend hand washing only, for these items.

Luxury gift box 📦

For presenting our selection of luxury products, items noted with the Luxury Gift Box icon are packaged in a thick card box with a bespoke inlay. Made for premium gifting options.

Collection **COLLECTION**

This product is part of a collection. You can view the full collection and all associated products at the back of the guide.

Glassware

Our premium mainly crystalline glassware takes advantage of over 40 years knowledge of glassware design and function. We design our drinking glasses with purpose, practicality and longevity in mind. The effort put into making a drink should be reflected in what it is served in.

Spirit & Tasting Glasses

Designed to enhance the indepth and professional level of tasting analysis sometimes required. Traditionally wider in the middle and narrowing towards the rim releasing the aromas at the central point of the glass and concentrating them at the top. Perfect for those looking to enhance their tasting experience.

Wine Glasses

Dating back to the 1400's in Venice the wine glass as we know it has stood the test of time. The curving inwards shape enhances and concentrates the aromas in the centre giving that perfect taste, aroma and presentation.

Three Piece Shakers

Three piece shakers, also known as cobbler shakers, feature a built in strainer and are comprised of three sections. The base (can), the middle section which holds the strainer and the top cap which seals the shaker. A classic design and favored among home bar enthusiasts because of its more user friendly design.

Oak Ageing Barrels

Age cocktails to perfection with these Charred Oak Barrels. A cocktail is stored in a barrel, interacts with the wood, and takes on its smooth and smokey characteristics. Charring the inside of an oak barrel brings out the vanillin, tannins caramelising the wood sugars.

Freepour

A new registered design Freepour Bottle with practicalities in mind as opposed to just pouring or storing. 1.08L brim full, not a US quart which is 95cl so a 5% saving in juice bill. Air intake hole on shoulder of top, prevents blockages and allows smooth flow of juice from angled nozzle. Made from polypropylene.

Calabrese Barware

Our premium collection of Calabrese Barware produced as a result of our collaboration with Salvatore “The Maestro” Calabrese, one of the world’s leading bartenders. The Maestro developed his talent for combining flavours at an early age while working in a bar in Maiori, a small village on Italy’s Amalfi Coast.

Salvatore recently stepped down from his role as President of the United Kingdom Bartender’s Guild, but continues to travel the world spreading his knowledge and encouraging others in the development and growth of the cocktail.

Mr Slim Barware

Notorious with world class bartenders, the Mr Slim jiggers are the original Japanese measures that now inspire mixology culture. The slim waist of the premium steel jiggers makes it easy to flip to utilise both sides of the measure, and internal lined measurements give more options when pouring spirits, increasing the efficiency of your cocktail making.

A guide to glassware

Welcome to our guide to glassware. This resource is designed to provide a brief insight of the world of glassware.

Old Fashioned

An old-fashioned glass, or rocks glass, is essential for serving classic cocktails and straight spirits.

See our full range of Old Fashioned Glasses on page 13

Highball Tumblers

Perfect for mixed drinks like gin and tonic or mojitos. The Highball glass balances spirits with mixers, making it a versatile choice for any bar.

See our full range of Highball Tumblers on page 16

Spirit and Tasting Glasses

Designed to enhance the in-depth and professional level of tasting analysis sometimes required. Traditionally wider in the middle and narrowing towards the rim releasing the aromas at the central point of the glass and concentrating them at the top. Perfect for those looking to enhance their tasting experience.

See our full range of Spirit and Tasting Glasses on page 20

Coupes

A coupe glass, known for its broad, shallow bowl and elegant stem, is a classic piece of glassware traditionally used for champagne. Now, it's favored for classic cocktails.

See our full range of Coupe glasses on page 09

Martini Glass

Developed specifically for the Martini cocktail in the early 20th Century. The lengthy stem with a separated bowl helps keep the drink cool and away from the drinkers hands. The steeply sloping sides are designed to help prevent the ingredients from separating and are perfect for supporting an olive on a pick..

See our full range of Martini glasses on page 10

Gin Balloons

Featuring a long stem and a large bowl to offer a generous serving, these traditional shaped Copa de Balon glasses remain a popular choice for serving Gin & Tonic especially in the south of Europe.

See our full range of Gin Balloons on page 12

Nick and Nora

The Nick and Nora glass is now a classic cocktail glass known for its small, conical bowl, perfect for serving Manhattans and other aromatic cocktails. Ideal for stirred or shaken drinks.

See our full range of Nick and Nora glasses on page 10

Coupettes

A coupette glass, serving the same function and slightly smaller than the traditional coupe glass, is traditionally used for champagne.

See our full range of Coupette glasses on page 09

Beer Glasses

Beer glasses are crafted to enhance the drinking experience, with each type designed for specific beer styles.

More about us

In the professional glass and barware world, excellence in standards and presentation are everything. At Urban Bar, we've been pursuing that excellence since 1983. Our journey began with the vision of Richard Andrews, a former buyer for internationally renowned retailers Liberty and Heals. Drawing from his extensive experience and expertise in well-designed and quality glassware and barware, Urban Bar was born.

At the heart of Urban Bar is our unwavering passion for quality products to help deliver the best drinks service and create that moment. Richard's passion and vision for offering the very best laid the foundation for the company that what would become a respected partner to the spirits and hospitality industries. Today, although Richard maintains a helpful hand in our development, the business is run by Richard's son, Nick Andrews.

Our journey may have started in the UK, but our reach is now global with an office and distribution in the EU and warehousing in the US. Despite our global presence, we remain steadfast in our commitment to that personal touch that has always set us apart.
