## INTRODUCTION

Inspired by meaningful connections, our Spring / Summer 2024 collection reflects an ongoing dialogue between heritage and vision, craft and design, people and their environment. We aim to design beautiful, useful products that improve our environments and enhance wellbeing. Considered pieces which encourage more sustainable choices, promote mindful consumption and offer lasting value.

## OUR PILLARS

### HERITAGE

Janusz Lubkowski co-founded LSA International in 1960s London. In an environment synonymous with cultural and social change, his belief in a diversity of ideas and a passion for contemporary design ensured the company thrived. Through shared experience and inherited values, Monika Lubkowska-Jonas continues to develop her father's vision and a culture of understanding that defines our company's past, present and future.

### DESIGN

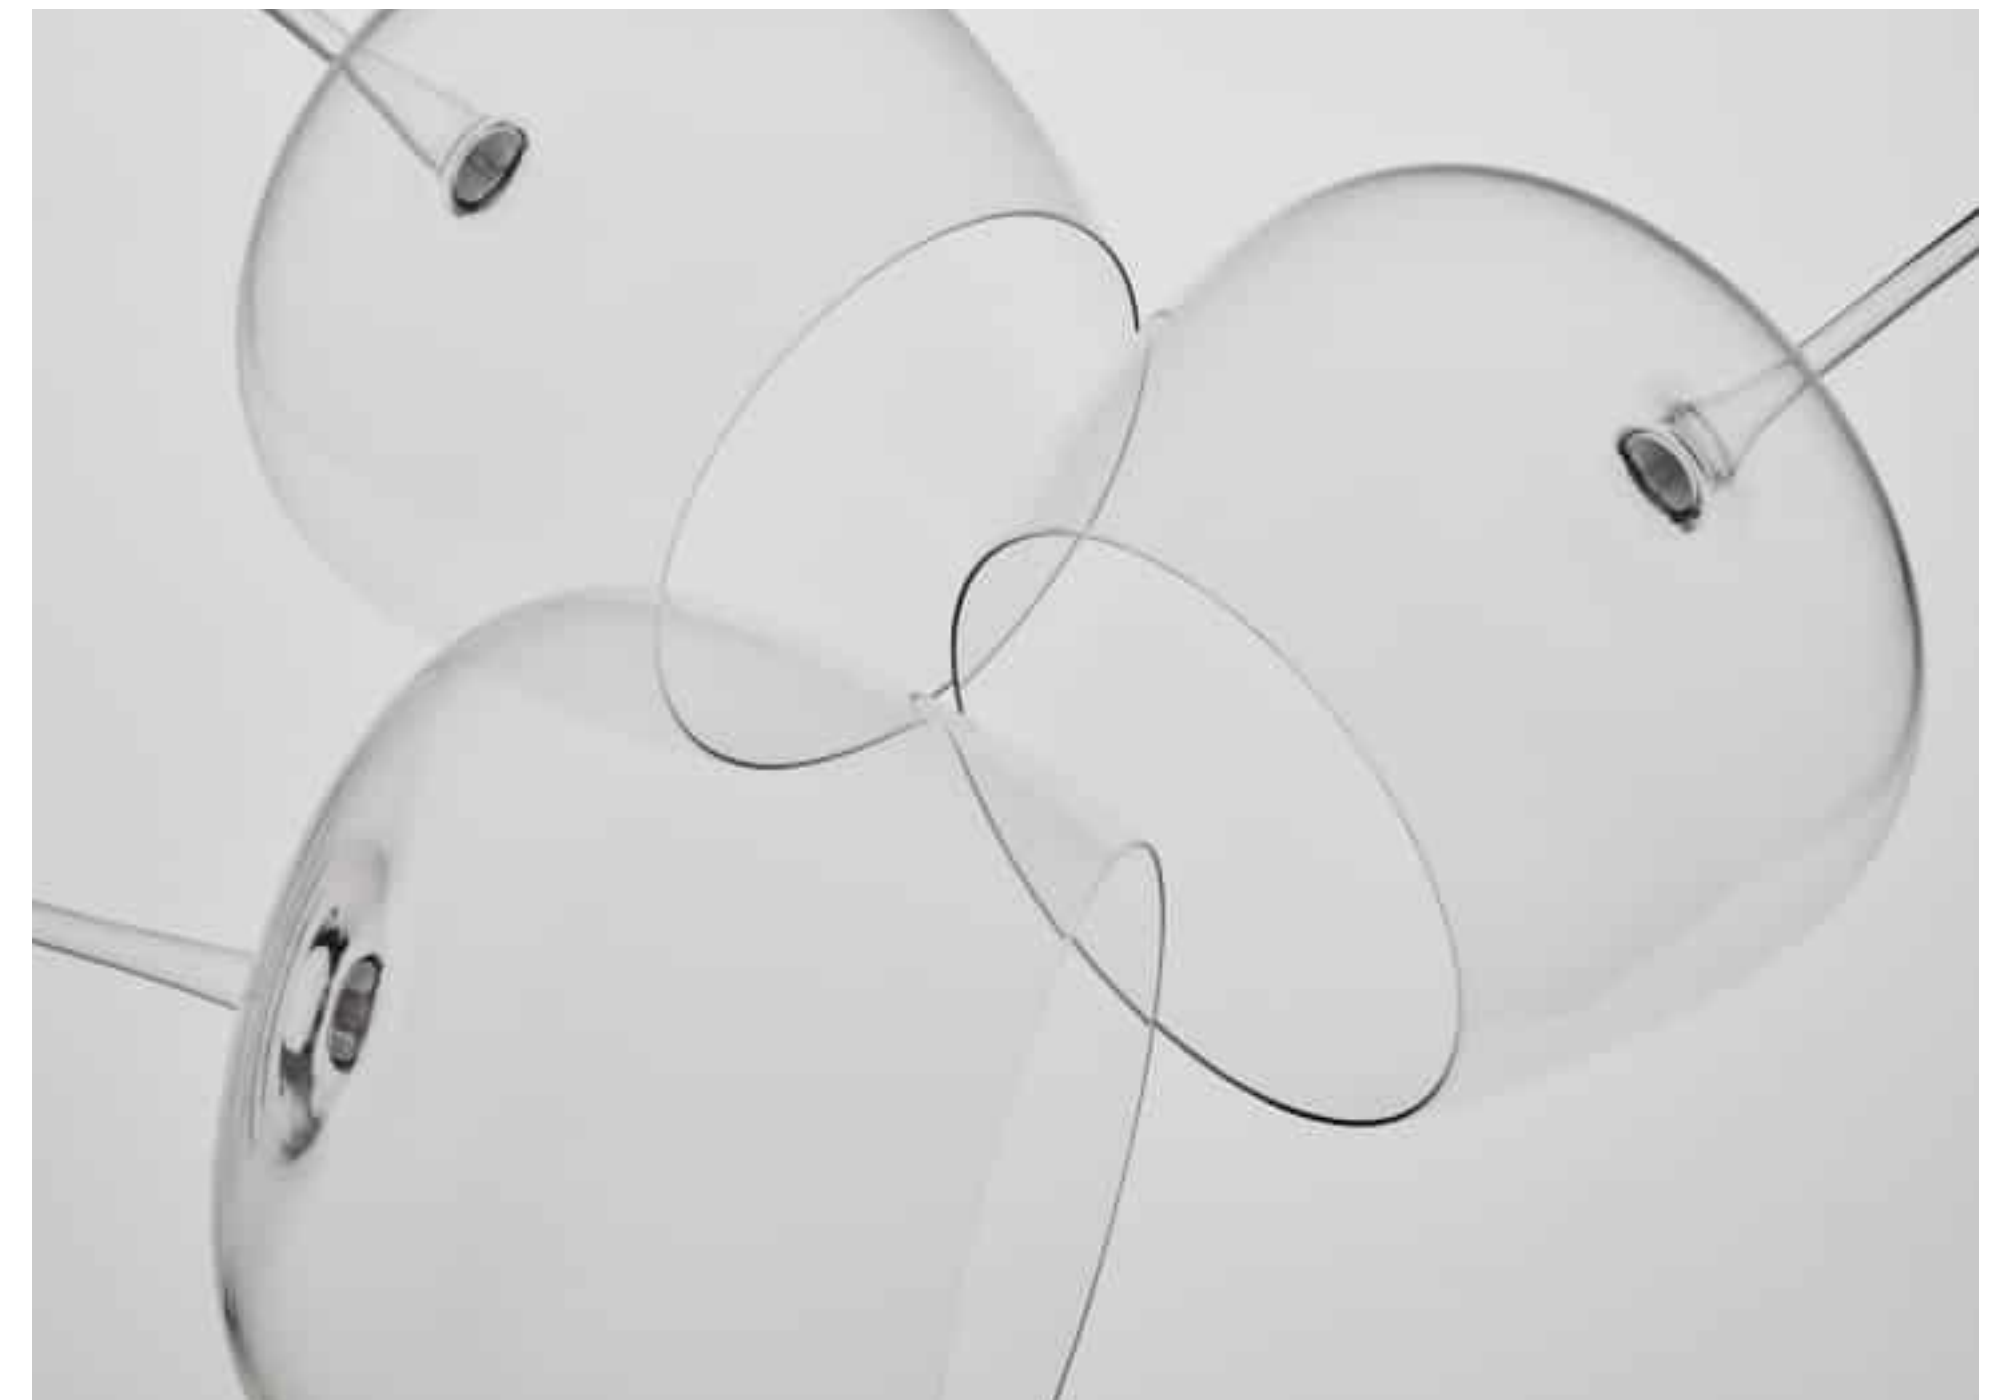

Our design process is inspired by the way people live. A sustainable approach which goes beyond form and function to create something considered, something of intrinsic value. We design for people with the aim of understanding the purpose and the environment in which our products are used. Thoughtful, considered design.

**2014, 2017, 2018, 2019 – iF Design award**

**2016 – DesignPlus award**

**2016, 2017, 2018, 2021, 2023 –  
Good Design award**

**2020 – Green Good Design award**

## CRAFT

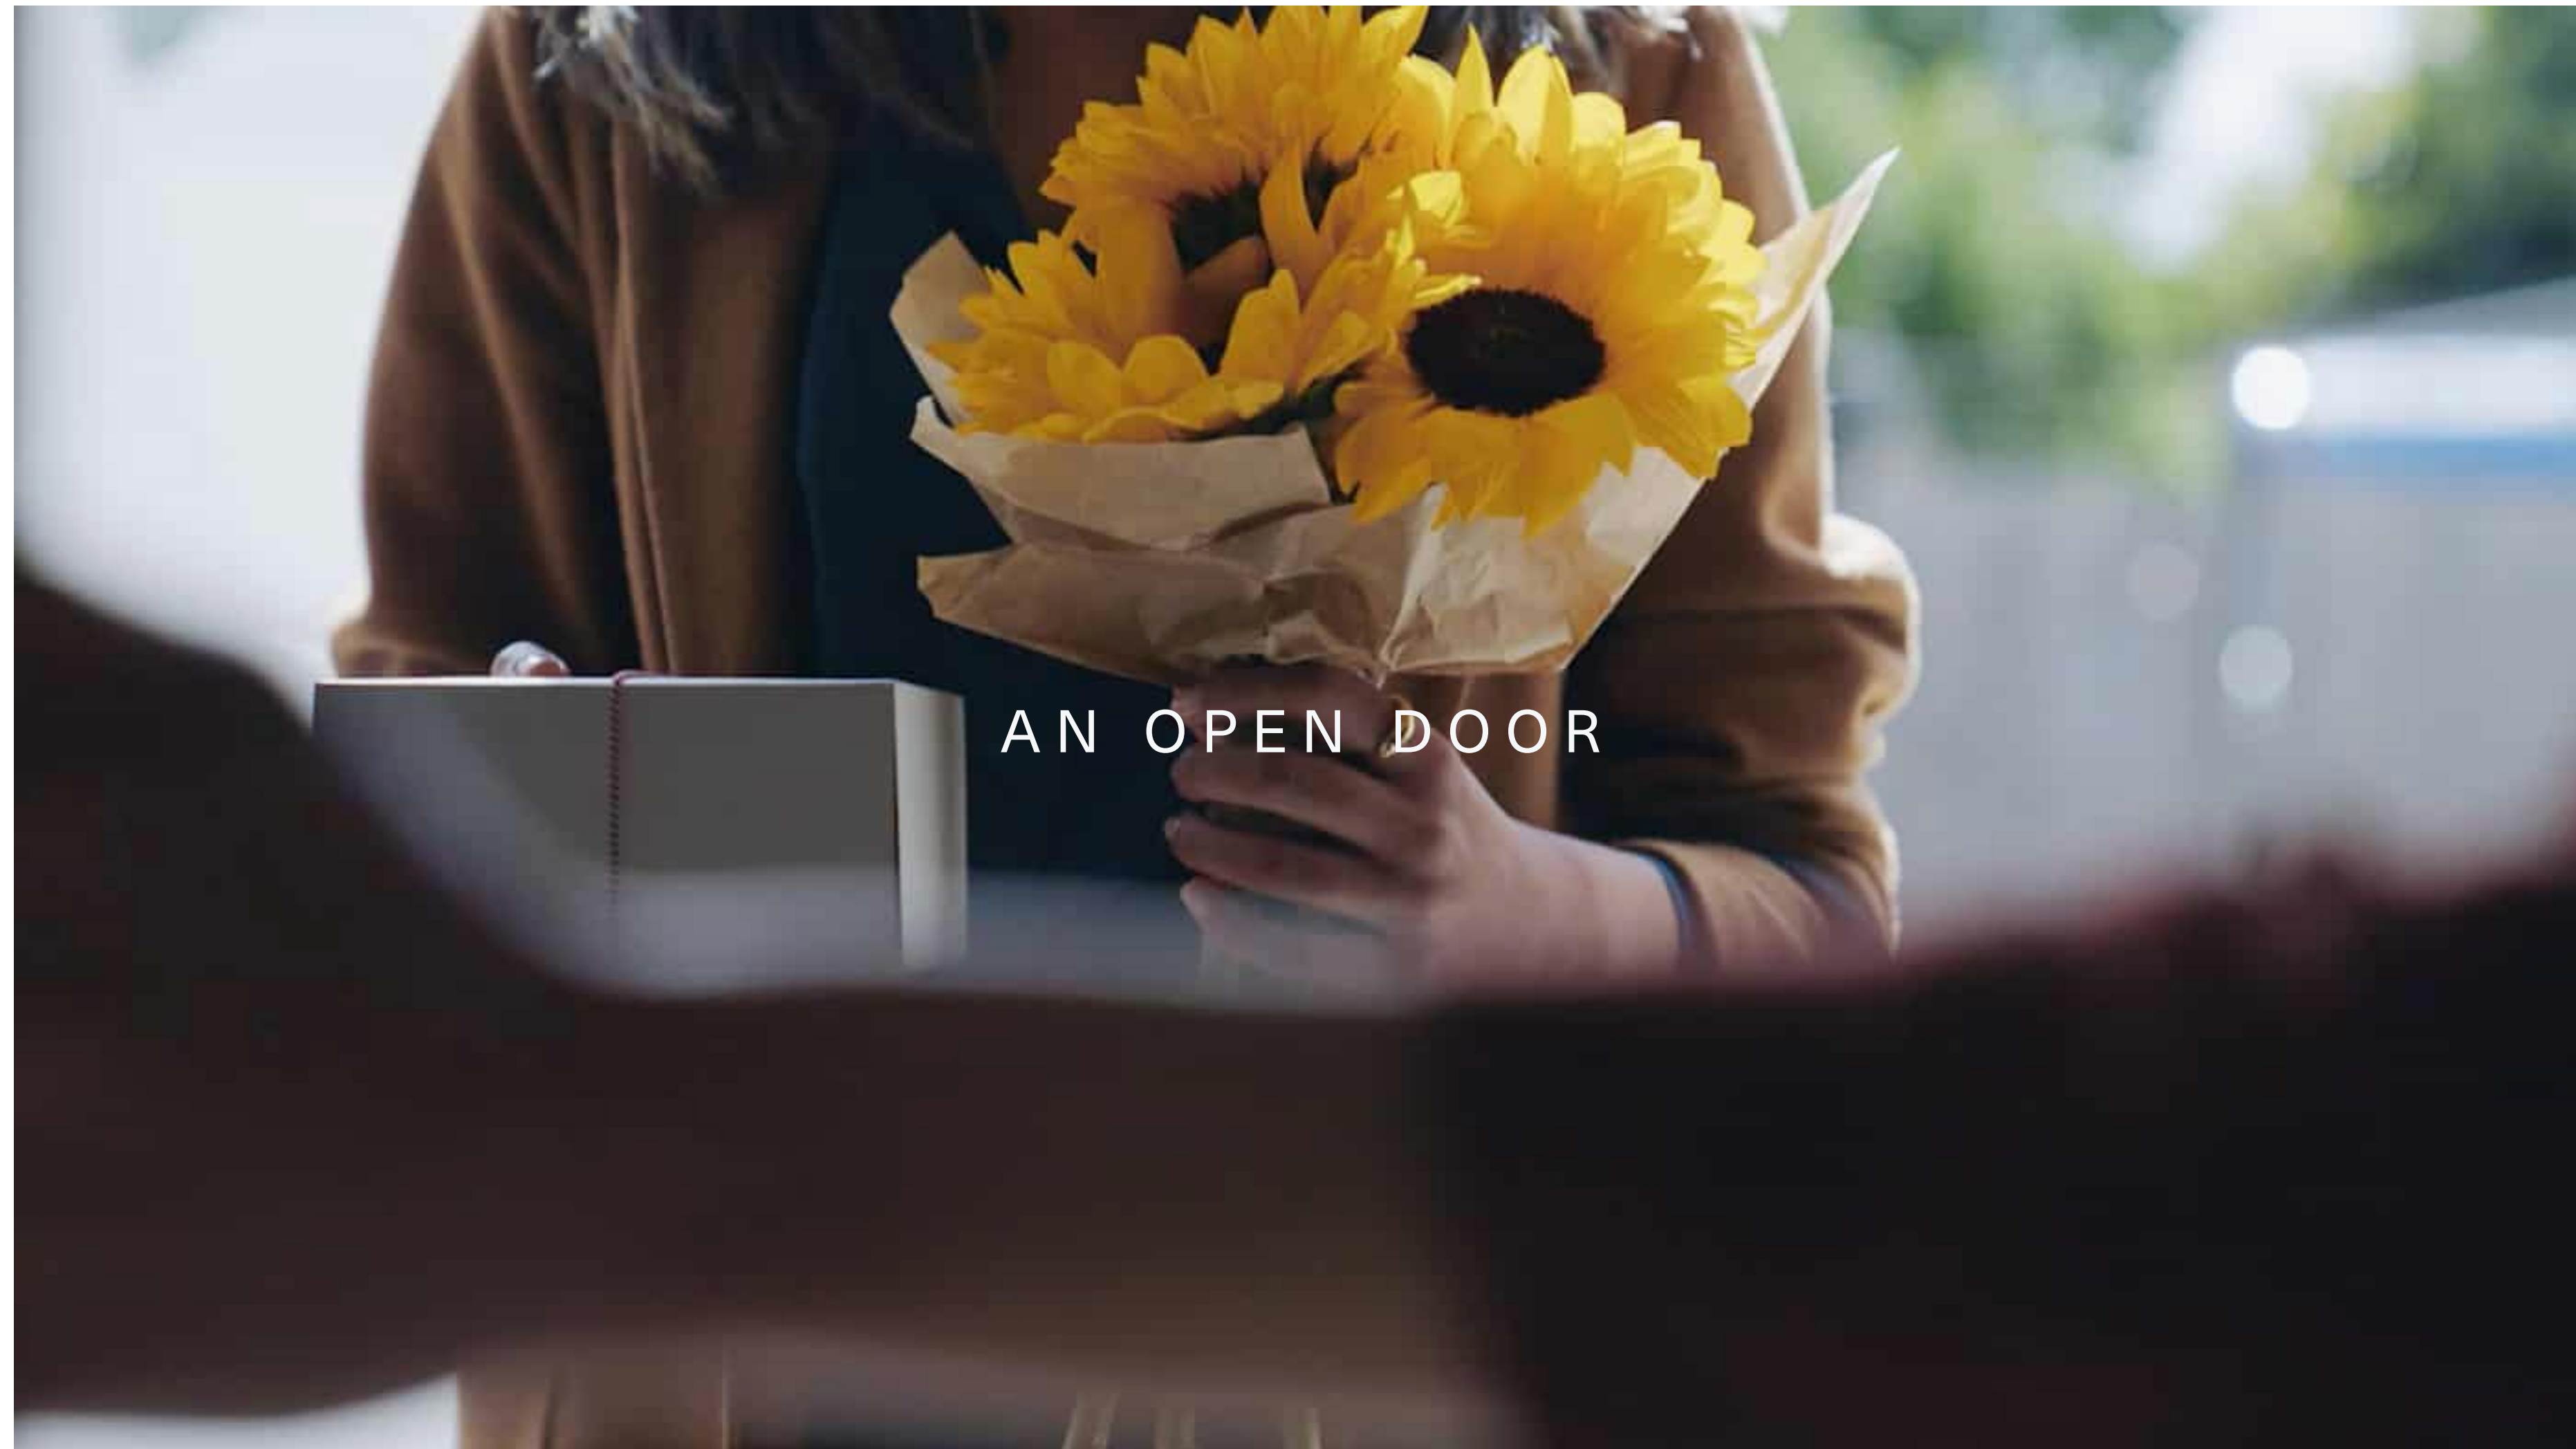

Through the skilled use of hand tools and an understanding of high quality raw materials, our European craftsmen use traditional techniques to transform mouth-blown glass into products of intrinsic value. After basic forms are blown, each piece is finished accordingly using a range of detailed processes. Our experience with our primary material, glass, enables us to experiment and push the boundaries of hand production, using the craftsmanship and skill of European producers.

## SUSTAINABLE CHOICES

Our intention is to create useful, versatile and relevant products which endure in quality and style. We reflect on how our products might serve another purpose and enhance our environments: improving our surroundings while leaving less of an impact on the earth. By designing lasting, considered products we encourage people to make sustainable choices: buying less and owning for longer. We consider the importance of biophilia, biodiversity and the benefits of biophilic design, exploring how nature has the power to positively impact wellbeing.

## FOLK

Vibrantly coloured stripes are borrowed from traditional Polish textiles and decoration in the FOLK Collection. Staggered bands of alternating colour mimic Łowicki fabrics, and the exaggerated silhouettes of layered, billowing skirts are seen in the wide, undulating vase shapes.

Solid, coloured glass rods are fused with a gather of clear glass and then mouth blown into a bespoke mould. The skilled, handmade process produces distinctive folk-inspired patterns and organic forms, with no two vessels ever being the same.

For FOLK Drink & Serve see page 11.

For FOLK Living see page 227.

## DAPPLE

Mouth-blown glass drinkware and decorative pieces with a fluid texture inspired by dappled light. Expertly mouth-blown from coloured glass producing pieces with fine rims and walls. The undulating surface refracts light, creating an effect reminiscent of dappled sunlight on the earth, water and in woodlands.

## PALETTE

Shot glasses and tapas sit on organically-shaped wooden boards that have been designed to be carried like an artist's palette, for ease when serving. The cylindrical glasses and porcelain bowls are arranged to allow space on the boards to serve nibbles, olives, dips and bread alongside shots.

### FROZEN PEA AND MINT PESTO

Serves 2 people per recipe

An excellent base for your favourite pasta, this pesto is great for using as a dip for bread. The recipe is perfect for those who love a bit of heat, which is why we've added a touch of chilli. Follow the recipe instructions to get the most out of this recipe. It's a great way to use your frozen peas and mint.

## DUSK

Inspired by the delicate mix of colours that fade into the sky at dusk. Sheer, hand-applied lustres gradually diffuse towards the centre of each piece for an iridescent finish enhanced by the pleated texture of the handmade glass.

For DUSK Living see page 331.

## BUBBLE

Contemporary balloon glasses, each hand painted with pearl lustre. Inspired by the shapes, iridescent finish and free movement of bubbles.

## AURORA

A capsule collection of contemporary drinkware pieces, hand painted with a violet lustre inspired by the iridescent colours of the Northern Lights in the night sky.

## VOID

Sculptural and organic with cork stoppers, these designs illustrate the unique transformational property of handmade glass. Molten glass is mouth-blown into a mould before being pierced with a hot poker, creating a distinctive elliptical hole in the jug, bottle or carafe.

## CANOPY

This award-winning 100% recycled glass collection was launched in collaboration with the educational charity the Eden Project. Centred around hydration and wellbeing, the contemporary drinkware pieces are cylindrical in form with a subtly domed base, inspired by the iconic Eden Project Biomes. To make each piece, locally-sourced, discarded, clear jars and bottles are sorted, crushed and heated in the furnace until molten, before being mouth-blown by skilled glassblowers.

**Winner of the iF Design Award 2019, Good Design Award 2020 and Green Good Design Award 2021.**
